1. What are your space needs? **Please note that TOTAL allowance is equivalent to 3 panels or screens, including oversize work (see below) but NOT including Art in Bloom selections. All your works must be listed on your inventory sheet, including Art in Bloom and any oversize work.**

If any of your 2D work is between 30"-35" framed with, OR if you have several small works, please check that you need screens, as they are wider and also better for smaller works. Some artists who request panels might be assigned to screens instead because work in the Crowninshield must be on screens. Work wider than 35" is considered oversize because it won't fit on a panel or screen. There is limited wall space available for oversize work. A lottery will be used if there are more oversized work requests than space allows, also if there is extra space available once all the works have been hung. See #4 below. If you submit more work than space allows, you will be contacted to pick it up Wednesday afternoon or Thursday morning.
